Sub: Request to provide permission to conduct a seminar under Peace Month 2024

Respected Sir /Madam,

With immense pleasure, we would like to share with your good self that like previous 10 years, this year too, Youth Peace Foundation (YPF) is celebrating International Peace Day (IPD) under our Mental Health Empowerment Initiatives.

Since 2014, we have celebrated IPD through peace rallies, video presentations based on peace education and live band performances; which has attracts thousands of people from all walks of life every year. The day is celebrated by organizing 'PEACE MONTH'. The seminar will be organized for authorities, faculties, staff and students of your esteemed institute.

Content of the event:

- Animated motivational story
- Video presentation of 'Message of Humanity and Peace' by Ambassador of Peace Mr. Prem Rawat, an internationally acclaimed speaker, an author and a storyteller, who is working for humanity and Peace for more than 58 years.
- Interaction with participants based on the topic and theme
- Interesting activity

The objective behind getting such events organized is creating awareness for fundamental need of humanity and peace and giving people an opportunity to listen to videos of international speakers and receive deep insights on this subject. These events get organized free of cost and purely in true service to humanity.

Entrepreneurship Development Institute of India (EDII), Ahmedabad: *EDII's contribution in spearheading the Entrepreneurship Movement:* EDII, established by IDBI Bank Ltd., IFCI Ltd., ICICI Bank Ltd. and State Bank of India, with support from the Government of Gujarat, is an autonomous and registered organisation committed to Entrepreneurship education, research, training and institution building since 1983. As a National Resource Centre, it has been making a tangible contribution Nationally and internationally. EDII strives to provide innovative training techniques, competent faculty support, teaching and training material, besides sharing benefits of in-house research as well as experience to generate more and more 'job-providers' among students and youth, instead of 'job-seekers'.

Such investments have the potential to give optimum returns. Long and tested experiences of the Entrepreneurship Development Institute of India (EDII), Ahmedabad, and several other organisations in India, have successfully proved that (i) latent entrepreneurial potential is quite widespread among people; ii) enough business opportunities exist in both rural and urban areas; and, (iii) this potential can be developed/strengthened through appropriate training-cum-counselling interaction and linking the person with a viable business opportunity.

Entrepreneurship Development Programmes (EDP) are widely recognised as an effective tool to promote MSMEs that create income and wealth, thus taking developing economies on the
